Petition for Rule Making
FM Channel 292A
Glenmora, Louisiana
July 14, 2003

Attachment A

Request to Reclassify
Station KIOC(FM), Orange, Texas
Pursuant to MM Docket 98-93

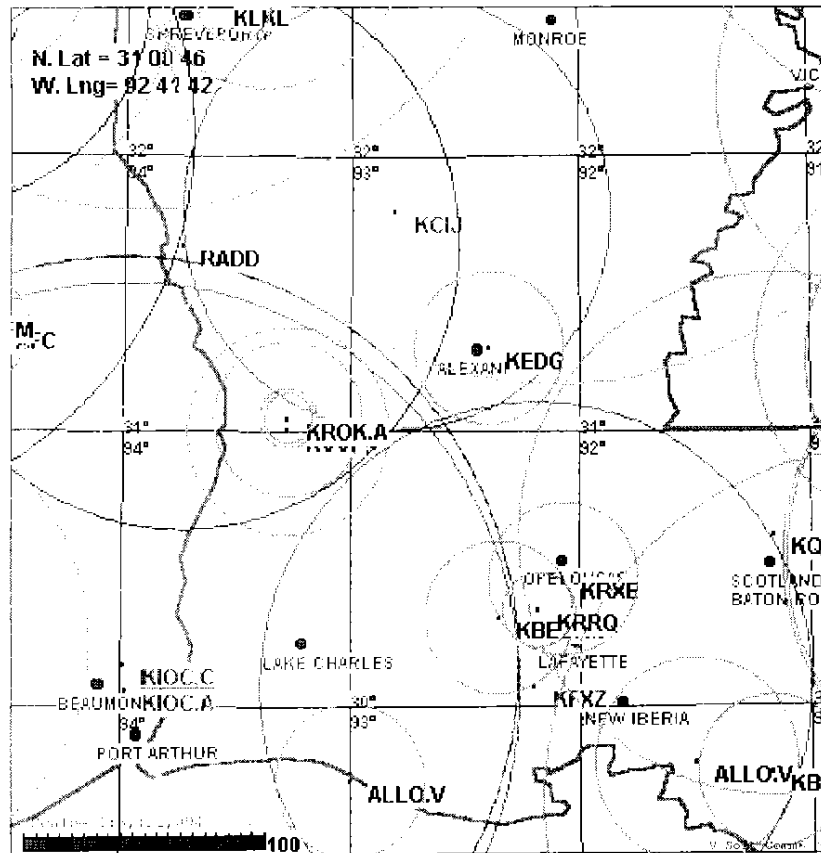

Radio Station KIOC(FM), Orange, Texas is licensed to Capstar TX Limited Partnership, 2625 S. Memorial Drive, Suite A, Tulsa, OK 74129, (Facility ID 33060), FCC File No. BLH 20030303ACM. The facility operates with a power of 100 kilowatts with center of radiation 326 meters height above average terrain. The above captioned Docket 98-93 provides the mechanism to automatically downgrade a Class C facility to Class C0 when a demand is made for the spectrum, as is the case here. Charles Crawford respectfully requests that the license of Radio Station KIOC(FM) be modified to specify operation on FM Channel 291C0 instead of on FM Channel 291C in accordance with the above Docket which provides for such downgrades when a demand for the unused spectrum is made, as is the case here.

Charles Crawford, the proponent of Channel 292A at Glenmora, Louisiana, in accordance with the above Docket, formally requests that the Commission reclassify Radio Station KIOC(FM) as a Class C0 facility. Charles Crawford certifies that no alternative channel is available for the service he proposes at Glenmora, Louisiana as is proposed in the Petition for Rule Making. A copy of this Petition for Rule Making is being served on Capstar TX Limited Partnership, as is required in the above Docket.
